

Invitation to seminar

The Engineering Geology Research Group at the Department of Civil and Environmental Engineering, Chalmers University of Technology, is pleased to invite you to the following free seminar:

“Nuclear Waste Repositories in the Perspective of Regional Groundwater Flow”

Date: Tuesday 6 December 2005
Time: 15.15 – 17.00
Location: Lab 3, GEO-Studio, Sven Hultins gata 8, Göteborg

Agenda:

Strengthening the Hydrogeologic Contribution to Safety of a Nuclear Waste Repository by Siting Below a Major Recharge Area for Groundwater – Clifford Voss, U.S. Geological Survey

Super Regional Groundwater Flow Modelling of Eastern Småland – Conceptual Background and Plans for Numerical Computations - Lars O. Ericsson, Chalmers

Discussion – Moderator Gunnar Gustafson, Chalmers

Registration

Registration is done directly to lars.o.ericsson@geo.chalmers.se, please just advise your name and organization.

We look forward to seeing you at Chalmers!

Lars O. Ericsson/ Gunnar Gustafson
